Bishop Heber High School

Subject	Year	Term
Design and Technology	7	3

Topic

Food and Challenges

Content (Intent)

Prior Learning (Topic) Engineering 1 and Understanding through Theory 1

The Food unit will teach students how to safely use the kitchen to produce a range of dishes such as Fruit Salad, Pasta Salad, Apple Crumble, Savoury Scones, Pinwheel Pizza. They will learn how to use the bridge and claw method, use the hob, grill and oven and develop a high level of hygiene and safety.
The challenges unit will give the students the opportunity to use all the subject skill, knowledge and understanding to problem solve challenges independently.

Future Learning (Topic) Year 8 Systems and D&T 2

What Knowledge and Skills will be taught (Implementation)	How will your understanding be assessed & recorded (Impact)
This module focuses on safety, hygiene and develop skills within the contexts of the home and school. Students have the opportunity to: • Cook a range of dishes (Fruit Salad, Pasta Salad, Apple Crumble, Savoury Scones, Pinwheel Pizza) • Use the Hob, Grill and Oven • Understand what is meant by food hygiene and how important it is in preparing food. • Learn the routines of the kitchen.	**Assessment** Students will be assessed on hygiene and safety, making and evaluation skills using the Success Sheets. Students will also complete an end of unit assessment to assess their subject knowledge
Students will complete a number of classroom-based challenges that put their problem solving skills to the test.	**Assessment** Students will also complete an end of year, cumulative assessment.

How can parents help at home?

Students will be given a homework booklet that they need to complete once a week.
Help them prepare ingredients for practical lessons - all information for ingredients will be on Teams 4 days before the practical.
