EXAMS POLICY

APPENDIX A – EARLY ENTRY POLICY

INTRODUCTION Early entry is one element of Bishop Heber High School's approach to ensuring all students succeed in public examinations. Early entry can play a significant role in improving the attainment and motivation of students and is firmly focused on raising achievement for all. Students are given additional opportunities to achieve or improve GCSE grades in Year 9 and 10 before the final examination period in Year 11. Students, staff and families have informed us of the motivational benefits of students experiencing success throughout their GCSE course are significant. In addition, reducing the total amount of examinations students need to sit at the end of Year 11 enables students to focus on other subjects.

This policy has been written in the light of publications questioning the use of early entry (Mathematics: Made to Measure, DfE, 2012; Early entry to GCSE examinations, Ofsted, 2011) and outlines the School's approach to early examination entry.

GUIDING PRINCIPLES Consideration of early entry for examinations should always take into account how it will optimise individual students' chances of success. Early entry will be used in a way that enables students of all abilities to achieve or exceed their ambitious target grades. Early entry practices should make a demonstrable contribution to this being achieved or exceeded.

Students will always be allowed, and may actively be encouraged, to re-sit an examination at a later date even if good progress has already been made. Early entry will not be used in a way that encourages the 'banking' of notional pass grades (for example, a 4 in GCSE English language), but be used as a stepping stone to promote higher achievement.

Typically, students experience the following early entry:

Year 9 - ICT Level 2 course (ECDL)

Year 10 - Mathematics (Set 1)

Year 10 - English Language

Since the introduction of Early Entry Policy, we have seen increased uptake/stay on rates in the Sixth Form in these subjects.

Early entry should maximise students' opportunities to succeed in any given subject. It should, therefore, enhance students' sense of enjoyment and may play a role in their choice to continue to study that subject beyond GCSE.

EXAMS POLICY

Early entry in practice

The following processes should be completed prior to entry:

- Students should be informed by the class teacher of that subject
- Opportunities should be made available for parents/carers and students to meet a senior member of staff and the relevant Subject Leader to discuss the entry policy
- Subject Areas have a clear rationale of the selection process for early entry

Rationale: ICT Level 2 course (ECDL); provides an early experience of external assessments for students. The early entry supports the development of clear expectations around preparation for and undertaking of external exams. Successful outcomes over a number of years has shown it motivates students into Years 10 and 11.

Mathematics (Set 1) students are gifted mathematicians and ready to undertake GCSE mathematics, successfully. In Year 11 they are challenged and stretched with AQA Certificate Further Mathematics which is a very good grounding for A level studies.

English Language split entry allows students to focus on English Language with few other distractions. It allows students to be assessed at the end of their language studies and focus on literature in Year 11.

The following processes should be completed following the receipt of results:

- Results analysis will be undertaken to ensure that the outcomes of early entry are contributing strongly to raising achievement for all students.
- Choices of post-16 courses will be reviewed in light of any early entry practices at KS4 to ensure that early entry does not negatively affect students' ability to undertake further study in that subject.

Final decisions regarding early entry will be taken by the Headteacher. A decision will be taken on each student's individual circumstances, taking into account the professional judgement of staff and the availability of resources.

EXAMS POLICY

EXAMS POLICY

APPENDIX C - WORD PROCESSOR POLICY

This policy on the use of word processors in examinations and assessments is reviewed and updated annually, on the publication of updated JCQ regulations and guidance.

The purpose of an access arrangement is to ensure, where possible, that barriers to assessment are removed for a disabled candidate preventing him/her from being placed at a substantial disadvantage as a consequence of persistent and significant difficulties.

The integrity of the assessment is maintained, whilst at the same time providing access to assessments for a disabled candidate.

Although access arrangements are intended to allow access to assessments, they cannot be granted where they will compromise the assessment objectives of the specification in question.

In accordance with the JCQ guidance, Bishop Heber High School is permitted to provide a word processor with the spelling and grammar check facility/ predictive text disabled to a candidate where it is their normal way of working within the centre.

The arrangement put in place must reflect support given to the candidate in the centre, for example:

- In the classroom (where appropriate);
- Working in small groups for writing;
- Literacy support lessons;
- Literacy intervention strategies;
- In internal school tests/examinations;
- Mock examinations;

This is commonly referred to as 'normal way of working'.

The SENDCo will make the final decision to provide a word processor where it is appropriate for the candidate's needs, for example (although not exhaustive) candidates with:

- A learning difficulty which has a substantial and long term adverse effect on their ability to write legibly;
- A medical condition;
- A physical disability;
- A sensory impairment;
- Planning and organisational problems when writing by hand;
- Extremely poor handwriting.

EXAMS POLICY

A word processor will not simply be provided to a candidate because they want to type rather than write, can work faster on a keyboard or use a laptop at home.

The Examinations Officer working with IT support will ensure that laptops are in good working order and fully charged, with a Bishop Heber owned and authorised memory stick, or where applicable computer access is made available at the time of the examination and IT will open up Exam Accounts as requested by the Examinations Officer to ensure only those systems permitted by JCQ are available to the candidates for the examination process. The Examinations Officer will also ensure that the JCQ word processor cover sheet (form 4) is completed.

The laptop will where possible be set to autosave but students are asked to save their work at regular intervals. Printing will be carried out once the examination is over and the **candidate must be present to confirm that the work is theirs. Candidates must ensure that their centre number, candidate number, unit code and title of paper are typed or handwritten onto the top of each page of work and signed at the end of the work by them.**

EXAMS POLICY

APPENDIX D - CONTINGENCY PLAN

BISHOP HEBER HIGH SCHOOL - EXAMS CONTINGENCY PLAN - Summer 2020

(This plan is based on exemplar document provided by The Exams Office in accordance with JCQ regulations and in line with the National Joint Contingency Plan published by Ofqual).

Purpose of the Plan

This plan examines potential risks and issues that could cause disruption to the management and administration of the exam process at Bishop Heber High School. By outlining actions/procedures to be invoked in case of disruption it is intended to mitigate the impact these disruptions have on our exam process. Alongside internal processes, this plan is informed by scenarios contained in the *Joint contingency plan in the event of widespread disruption to the examination system in England, Wales and Northern Ireland*.

This plan complies with JCQ general regulations (section 5) in that:

The centre agrees to *“have in place a written examination contingency plan/examinations policy which covers all aspects of examination administration. This will allow members of the senior leadership team to have a robust contingency plan in place, minimising risk to examination administration, should the examinations officer be absent at a crucial stage of the examination cycle;”*

Causes of potential disruption to the exam process:

1. Exam officer extended absence at key points in the exam process (cycle)

Criteria for implementation of the plan

Key tasks required in the management and administration of the exam cycle not undertaken including:

Planning:

- annual data collection exercise not undertaken to collate information on qualifications and awarding body specifications being delivered
- annual exams plan not produced identifying essential key tasks, key dates and deadlines
- sufficient invigilators not recruited and trained

Entries:

- awarding bodies not being informed of early/estimated entries which prompts release of early information required by teaching staff
- candidates not being entered with awarding bodies for external exams/assessment
- awarding body entry deadlines missed or late or other penalty fees being incurred

EXAMS POLICY

Pre-exams:

- exam timetabling, rooming allocation; and invigilation schedules not prepared
- candidates not briefed on exam timetables and awarding body information for candidates
- exam/assessment materials and candidates' work not stored under required secure conditions
- internal assessment marks and samples of candidates' work not submitted to awarding bodies/external moderators

Exam time:

- exams/assessments not taken under the conditions prescribed by awarding bodies
- required reports/requests not submitted to awarding bodies during exam/assessment periods e.g. very late arrival, suspected malpractice, special consideration
- candidates' scripts not dispatched as required to awarding bodies

Results and post-results:

- access to examination results affecting the distribution of results to candidates
- the facilitation of the post-results services

Centre actions:

The Information, Data & Communications Manager will undertake all of the duties and delegate to the data team, where necessary. Exams Officer to have processes in place to ensure Data Manager has access to paperwork exams officer has already worked on.

2. SENCo extended absence at key points in the exam cycle

Criteria for implementation of the plan

Key tasks required in the management and administration of the access arrangements process within the exam cycle not undertaken including:

Planning:

- candidates not tested/assessed to identify potential access arrangement requirements
- evidence of need and evidence to support normal way of working not collated

Pre-exams:

- approval for access arrangements not applied for to the awarding body
- modified paper requirements not identified in a timely manner to enable ordering to meet external deadline
- staff providing support to access arrangement candidates not allocated and trained

Exam time:

- access arrangement candidate support not arranged for exam rooms

EXAMS POLICY

Centre actions:

Assistant Headteacher to cover duties in absence of SENCO.

3. Teaching staff extended absence at key points in the exam cycle

Criteria for implementation of the plan:

Key tasks not undertaken including:

- Early/estimated entry information not provided to the exams officer on time; resulting in pre-release information not being received
- Final entry information not provided to the exams officer on time; resulting in:
 - candidates not being entered for exams/assessments or being entered late
 - late or other penalty fees being charged by awarding bodies
- Internal assessment marks and candidates' work not provided to meet submission deadlines

Centre actions:

The relevant Subject Leader will cover all key tasks if a member of the department has an extended period of absence. If the Subject Leader is absent then subject staff, with the support of the Senior Leadership Team link, will ensure all process are completed.

4. Invigilators - lack of appropriately trained invigilators or invigilator absence

Criteria for implementation of the plan

- Failure to recruit and train sufficient invigilators to conduct exams
- Invigilator shortage on peak exam days
- Invigilator absence on the day of an exam

Centre actions:

Sufficient numbers of invigilators appointed to ensure cover for exams and additional 'standby' staff are available from cover. School administrative staff and School technicians have also received invigilator training and can be called upon in emergencies.

5. Exam rooms - lack of appropriate rooms or main venues unavailable at short notice

Criteria for implementation of the plan

- Exams Officer unable to identify sufficient/appropriate rooms during exams timetable planning
- Insufficient rooms available on peak exam days
- Main exam venues unavailable due to an unexpected incident at exam time

EXAMS POLICY

Centre actions:

Identifying sufficient rooms would not be an issue due to the size of the school and the total number of rooms available on site. If the main venue, the sports hall was unavailable due to an unforeseen incident, then the school would use other large venues such as the main school hall, Sixth Form Centre as a back up.

Under exceptional circumstances, for example following COVID-19 regulations, students may be educated off site via Microsoft Teams lessons to facilitate large exams.

6. Failure of IT systems

Criteria for implementation of the plan

APPENDIX E - APPEALS

Bishop Heber High School is committed to ensuring that whenever its staff mark candidates' work this is done fairly, consistently and in accordance with the awarding body's specification and subject-specific associated documents.

Candidates' work will be marked by staff who have appropriate knowledge, understanding and skill, and who have been trained in this activity. Bishop Heber High School is committed to ensuring that work produced by candidates is authenticated in line with the requirements of the awarding body. Where a number of subject teachers are involved in marking candidates' work, internal moderation and standardisation will ensure consistency of marking.

1. Bishop Heber High School will ensure that candidates are informed of their centre assessed marks so that they may request a review of the centre's marking before marks are submitted to the awarding body.
2. Bishop Heber High School will inform candidates that they may request copies of materials to assist them in considering whether to request a review of the centre's marking of the assessment.
3. Bishop Heber High School will, having received a request for materials, promptly make them available to the candidate, either originals viewed under supervised conditions or copies.
4. Bishop Heber High School will provide candidates with sufficient time, normally at least five working days, in order to allow them to review copies of materials and reach a decision.
5. Bishop Heber High School will provide a clear deadline for candidates to submit a request for a review of the centre's marking. Requests will not be accepted after this deadline. Requests **must** be made in writing.
6. Bishop Heber High School will allow sufficient time for the review to be carried out, to make any necessary changes to marks and to inform the candidate of the outcome, all before the awarding body's deadline.
7. Bishop Heber High School will ensure that the review of marking is conducted by an assessor who has appropriate competence, has had no previous involvement in the assessment of that candidate for the component in question and has no personal interest in the outcome of the review.

EXAMS POLICY

8. Bishop Heber High School will instruct the reviewer to ensure that the candidate's mark is consistent with the standard set by the centre.
9. Bishop Heber High School will inform the candidate in writing of the outcome of the review of the centre's marking.
10. The outcome of the review of the centre's marking will be made known to the head of centre. A written record of the review will be kept and made available to the awarding body upon request.

The moderation process carried out by the awarding bodies may result in a mark change, either upwards or downwards, even after an internal review. The internal review process is in place to ensure consistency of marking within the centre, whereas moderation by the awarding body ensures that centre marking is in line with national standards. The mark submitted to the awarding body is subject to change and should therefore be considered provisional.

EXAMS POLICY

APPENDIX F - FAIR ASSESSMENT, BTEC AND BCS (ECDL) ASSESSMENT

*For the purpose of BTEC and BCS assessments, students are referred to as learners

1. Internal Moderation and Access to Fair Assessment

Internal moderation is a key process carried out throughout the delivery of a qualification to ensure that assessment methods are consistent across all teachers/ assessors and that the outcomes are fair to all learners.

The aim of this policy is to ensure that:

- internal moderation practices are valid and reliable, cover all tutors/ assessors and meet the requirements of the awarding organisation
- the internal moderation procedures are fair and open
- accurate and detailed records are kept of internal moderation decisions

As a centre we will:

- ensure that all members of staff involved in the delivery of BTEC courses have completed the OSCA materials as required
- ensure that all assessment activities are valid, appropriate and fit for purpose
- apply a strategy that will provide a representative sample of results from all teachers/ assessors
- create a plan of internal moderation in relation to assessment and activities and keep detailed records of these activities
- define, maintain and support effective internal moderation roles, including the provision of training where required
- provide standardised or specialised documentation where appropriate to support internal moderation and record keeping
- ensure that feedback and outcomes of internal and external moderation support future development of good practice
- carry out an annual review of internal moderation procedures
- ensure that whenever staff assess students' work for external qualification this is done fairly, consistently and in accordance with the specification for the qualification concerned
- ensure that students are aware of the procedures available should they wish to appeal against an assessment decision
- ensure that all BCS ECDL IT exams are conducted as specified in the latest operations manual, including all new invigilators to be observed in their first live test and on an annual basis

EXAMS POLICY

Recording and Record Keeping

Evidence of a robust internal moderation system will be required at external moderation and for audit purposes; therefore, there must be reliable and auditable record keeping systems in place. It is the responsibility of all staff involved in the delivery of a course that requires internal assessment to participate in the moderation process. This includes attending relevant internal moderation meetings, keeping the necessary records and submitting marked candidates work as requested. There will be at least two members of staff involved in the inputting of data in order to claim certificates.

All assessment evidence that has been internally moderated must be kept on site until after the external moderation. The work remains the property of the candidate and can be returned to the candidate according to the requirements of the relevant awarding organisation.

Access to Fair Assessment

Statement of assessment

- We aim to provide a variety of qualifications which provide all students with the opportunity to achieve their full potential by the most appropriate route
- Our assessment policy is based on the concepts of equality, diversity, clarity, consistency and openness
- We will endeavour to ensure that the assessment processes are implemented in a way which is fair and non-discriminatory

Access

Students are made aware of the existence of this policy and have open access to it. It can be found in the Main School Office, School Library and also online on the school website. All teachers are made aware of the contents and purpose of this policy and it can be found in the Staff Handbook. This policy is regularly reviewed and may be revised in response to feedback from students, teachers or external organisations.

What students can expect from us:

- we aim to ensure that all assessment of work is carried out fairly and in keeping with the awarding body's requirements
- all portfolio based work will be assessed fairly against the qualification standards, and teachers involved will be fully trained in line with the awarding bodies requirements
- internal assessments will be carried out fairly and according to the awarding body instructions
- externally marked tests and exams will be conducted according to the requirements of the awarding body
- a clear procedure which allows them to appeal if they feel that their work has not been marked fairly

EXAMS POLICY

Students can also expect:

- to be fully inducted onto a new course and given information that can be shared with parents and carers
- learning outcomes, performance criteria and other significant elements of learning and assessment to be made clear at the outset of the course and when assignments and assessments are set
- to be given appropriate assessment opportunities during the course, with feedback provided on the quality of the work
- all work to be marked within three weeks of submission by the student
- where equivalents and exemptions can be applied, we will ensure that this is pursued with the relevant awarding body

Cheating and Plagiarism

A fair assessment of a student's work can only be made if that work is entirely the student's own. Therefore, students should expect an awarding body to be informed if during a controlled assessment, assignment or external examination:

- they are found guilty of copying, giving or sharing information or answers, unless this is done as part of a joint project
- they use an unauthorised aid during a test or examination
- they copy another student's answers during a test or examination
- they talk during a test or examination

All allegations of cheating and plagiarism will lead to an investigation, which will follow the guidance of the relevant awarding body. If the student is completing a BTEC qualification, then further detail is provided in the BTEC Assessment Malpractice Policy.

If a student feels they have been wrongly accused of cheating or plagiarism, they should be referred to the School Complaints Policy.

Appeals against internal assessment of work for external qualifications:

Appeals can only be made against the process that led to the assessment and not against the mark or grade. If a student has concerns about the process used in assessing internally marked work for public exams, they should in the first instance talk to their subject teacher to discuss the matter fully. This will hopefully resolve the situation, but if not, the following stages should be observed:

1. Appeals should be made as soon as possible, and must be at least two weeks before the end of the last externally assessed paper in the examination series.
2. Appeals should be made in writing to the relevant Subject Leader who will inform the Exams Officer and investigate the appeal. Students and parents must be aware that the appeal may result in the mark staying the same, going up or going down and the new mark will count.

EXAMS POLICY

3. The investigating member of staff will decide whether the process used for the internal assessment conformed to the requirements of the awarding body and the examinations code of practice of the QCA.
4. The outcome of the appeal will be made known in writing, including any relevant correspondence with the board/ awarding body, any changes made to the assessment of the work and any changes to improve matters in the future.
5. After work has been assessed internally it is moderated by the awarding body to ensure consistency between centres. Such moderation can change the marks awarded for internally assessed work. This is outside the control of the school and is not covered by this policy. If you have any concerns about it, please ask the Exams Officer for a copy of the appeals procedure of the relevant examination board.
6. Appeals involving BCS (ECDL) Qualifications need to be made within 20 days of the assessment taking place.

Appeals against centre decisions

1. All students will be provided with written information regarding access to scripts, enquiries about results and appeals.
2. If the School decides not to support an enquiry about results request, or an appeal, students and parents have the right to appeal this decision. Parents should contact the Headteacher as Head of Centre to discuss the School's decision and next steps in the appeals process.

Reviews of marking – centre assessed marks (GCSE controlled assessments, GCE coursework, GCE and GCSE non-examination assessments):

Bishop Heber High School (40341) is committed to ensuring that whenever staff mark candidates' work this is done fairly, consistently and in accordance with the awarding body's specification and subject-specific associated documents.

Candidates' work will be marked by staff who have appropriate knowledge, understanding and skill and who have been trained in this activity. Bishop Heber High School is committed to ensuring that work produced by candidates is authenticated in line with the requirements of the awarding body. Where a number of subject teachers are involved in marking candidates' work, internal moderation and standardisation will ensure consistency of marking.

1. Bishop Heber High School will ensure that candidates are informed of their centre assessed marks, so that they may request a review of the centre's marking before marks are submitted to the awarding body.
2. Bishop Heber High School will inform candidates that they may request copies of materials to assist them in considering whether to request a review of the centre's marking of the assessment.
3. Requests for reviews of marking **must** be made in writing, to the School's Exams Office.

EXAMS POLICY

4. Bishop Heber High School will, having received a request for copies of materials, promptly make them available to the candidate.
5. Bishop Heber High School will provide candidates with sufficient time in order to allow them to review copies of materials and reach a decision.
6. Bishop Heber High School will allow sufficient time for the review to be carried out, to make any necessary changes to marks and to inform the candidate of the outcome, all before the awarding body's deadline.
7. Bishop Heber High School will ensure that the review of marking is carried out by an assessor who has appropriate competence, has had no previous involvement in the assessment of that candidate and has no personal interest in the review.
8. Bishop Heber High School will instruct the reviewer to ensure that the candidate's mark is consistent with the standard set by the centre.
9. The candidate will be informed in writing of the outcome of the review of the centre's marking.
10. The outcome of the review of the centre's marking will be made known to the Head of the Centre and will be logged as a complaint. A written record will be kept and made available to the awarding body upon request. Should the review of the centre's marking bring any irregularity in procedures to light, the awarding body will be informed immediately.

After a candidate's work has been internally assessed, it is moderated by the awarding body to ensure consistency in marking between centres. The moderation process may lead to mark changes, both up and down. This process is outside the control of Bishop Heber High School and is not covered by this procedure.

2. BTEC Assessment Malpractice Procedure

Assessment Malpractice consists of those acts which undermine the integrity and validity of assessment, the certification of qualifications and/or damage of authority of those responsible for conducting the assessment certification.

Aim:

- To identify and minimise the risk of malpractice by staff or learners
- To respond to any incident of alleged malpractice promptly and objectively
- To standardise and record any investigation of malpractice to ensure openness and fairness
- To impose appropriate penalties and/or sanctions on learners or staff where incidents (or attempted incidents) of malpractice are proven
- To protect the integrity of this centre and BTEC qualifications

In order to do this, the centre will:

- Seek to avoid potential malpractice by using the induction period and the student handbook to inform learners of the centre's policy on malpractice and the penalties for attempted and actual incidents of malpractice

EXAMS POLICY

- Show learners the appropriate formats to record cited texts and other materials or information sources
- Ask learners to declare that their work is their own
- Ask learners to provide evidence that they have interpreted and synthesised appropriate information and acknowledged any sources used
- Conduct an investigation in a form commensurate with the nature of the malpractice allegation. Such an investigation will be supported by the Head of Centre and all personnel linked to the allegation.
- While the investigation takes place:
 - The individual will be made fully aware at the earliest opportunity of the nature of the alleged malpractice and of the possible consequences should malpractice be proven
 - Parents will be fully informed
 - The individual will be given the opportunity to respond to the allegations made
 - The individual will be informed of the avenues for appealing against any judgement made
 - All stages of any investigation will be documented

During the investigation period Edexcel may:

- Refuse learner registrations/ entries
- Withhold the release of results/ certificates

Definition of Malpractice by Learners

This list is not exhaustive and other instances of malpractice may be considered by this centre at its discretion:

- Plagiarism of any nature
- Collusion by working collaboratively with other learners to produce work that is submitted as individual learner work
- Copying (including the use of ICT to aid copying)
- Deliberate destruction of another's work
- Fabrication of results or evidence
- False declaration of authenticity in relation to the contents of a portfolio or coursework
- Impersonation by pretending to be someone else in order to produce the work for another or arranging for another to take one's place in an assessment/examination test

Definition of Malpractice by Centre Staff

This list is not exhaustive and other instances of malpractice may be considered by this centre at its discretion:

- Improper assistance to candidates
- Inventing or changing marks for internally assessed work (coursework or portfolio evidence) where there is insufficient evidence of the candidate's achievement to justify the marks given or assessment decisions made
- Failure to keep candidate coursework/portfolios of evidence secure

EXAMS POLICY

- Fraudulent claims for certificates
- Inappropriate retention of certificates
- Assisting learners in the production of work for assessment, where the support has the potential to influence the outcomes of assessment, for example where the assistance involves centre staff producing work for the learner
- Producing falsified witness statements, for example for evidence the learner has not generated
- Allowing evidence, which is known by the staff member not to be the learner's own, to be included in a learner's assignment/task/portfolio/coursework
- Facilitating and allowing impersonation
- Misusing the conditions for special learner requirements, for example where learners are permitted support, such as an amanuensis, this is permissible up to the point where the support has the potential to influence the outcome of the assessment
- Falsifying records/certificates, for example by alteration, substitution, or by fraud
- Fraudulent certificate claims, that is claiming for a certificate prior to the learner completing all the requirements of assessment

3. Reasonable adjustment and special consideration for BTEC qualifications

Edexcel aims to facilitate open access to BTEC qualifications for learners who are eligible for reasonable adjustment and/ or special consideration in assessments, without compromising the assessment of the skills, knowledge, understanding or competence being measured.

This will be achieved by:

- **Reasonable Adjustment:** This is agreed at the pre-assessment planning stage and is any action that helps to reduce the effect of a disability or difficulty, which places the learner at a substantial disadvantage in the assessment situation. Reasonable adjustments must not, however, affect the reliability or validity of assessment outcomes nor must they give the learner an assessment advantage over other learners undertaking the same or similar assessments.
- **Special Consideration:** This is a post-assessment allowance to reflect temporary illness, injury or indisposition that occurred at the time of the assessment.

Reasonable Adjustment

A reasonable adjustment helps to reduce the effect of a disability or difficulty that places the learner at a substantial disadvantage in the assessment situation. Reasonable adjustments must not affect the validity or reliability of assessment outcomes but may involve:

- Changes to assessment conditions
- The use of mechanical and electronic aids
- Modification to the presentation of assessment material
- Alternative ways of presenting responses
- Use of access facilitators

EXAMS POLICY

Not all adjustments may be reasonable, permissible or practical in particular situations and the learner may not need, nor be allowed the same adjustment for all assessments.

Reasonable adjustment must be approved (internally or externally) and set in place prior to assessment commencing. It is an arrangement to give a learner access to a qualification. The work produced following a reasonable adjustment must be assessed in the same way as the work from other learners. A reasonable adjustment must never affect the validity or reliability of assessment, influence the outcome of assessment or give the learner(s) in question an unfair assessment advantage.

All reasonable adjustments must be recorded using the Edexcel form RA1 (see website for forms www.edexcel.org.uk) Once completed, these must be held by the centre in the learner's file and should be available at all times for scrutiny by Edexcel if requested.

For BTEC qualifications that are internally assessed the centre will not need to apply to Edexcel to implement a reasonable adjustment but it must:

- Only make reasonable adjustments that are in line with this policy
- Record all reasonable adjustments made on form RA1
- Keep RA1 forms on the appropriate learner's record
- Make RA1 forms available to Edexcel as required

For BTEC qualifications that are externally assessed, reasonable adjustment requests must be submitted to and authorised by Edexcel prior to the implementation of the adjustment. Such requests must be submitted using form RA2 within 20 days of learner registration. Edexcel will respond to the request within two working weeks.

Special Consideration

A special consideration is given following a period of assessment for a learner who:

- Was prepared for and present at an assessment but who may have been disadvantaged by temporary illness, injury or adverse circumstances that have arisen at or near to the time of assessment
- Misses part of the assessment due to circumstances outside of their control

Where assessment is in the form of on demand assessment such as electronic tests set and marked by computer, then it is probably more appropriate to offer the learner an opportunity to take the assessment at a later date.

A special consideration cannot give the learner an unfair advantage; the learner's results must reflect real achievement in assessment and not just potential ability. To this end, special considerations can only be a small post-assessment adjustment to the mark or outcome. Special consideration cannot apply to "licence to practice" units or qualifications.

EXAMS POLICY

All applications for special consideration must be made to Edexcel. Edexcel will only consider requests for special consideration which are submitted by the Head of Centre/Examinations Officer

To ensure effective processing of the application, the centre should submit:

- Form SC1
- The learner's Student Report Form (SRF)
- Evidence to support the application such as a medical certificate, doctor's note or any other appropriate information.

Applications to the BTEC Quality Standards Team must be made within seven days of the assessment having taken place.

4. Accreditation of Prior Learning for BTEC qualifications

Recognition of Prior Learning (RPL) is a "Method of assessment that considers whether learners can demonstrate that they can meet the assessment requirements for a unit through knowledge, understanding or skills that they already possess and so do not need to develop through a course of learning." Regulatory arrangements for the Qualifications and Credit Framework (Ofqual/08/3726).

This policy concerns ways in which a learner might be able to have their skills and qualifications acknowledged whilst avoiding any repetition of learning and assessment. This policy applies to all BTEC qualifications including the National Qualification Framework (NQF) and the Qualifications and Credit Framework (QCF). It does not apply to GCE, GCSE examinations or any other examinations that require assessment through external examination as these examinations are subject to specific evidence requirements.

Provided that the assessment requirements of a given unit or qualification have been met, the use of RPL is acceptable for accrediting a unit or units. However, evidence of learning must be:

- Valid
- Reliable
- Current
- Sufficient
- Authentic

Principles of RPL

- RPL is a valid method of enabling individuals to claim credit for units, irrespective of how their learning took place. There is no difference between the achievement of the learning outcomes and assessment criteria of a unit through prior learning or through a formal programme of study.
- RPL policies, processes, procedures, practices and decisions should be transparent, rigorous, reliable, fair and accessible to individuals and stakeholders to ensure that users can be confident of the decisions and outcomes of RPL.

EXAMS POLICY

- RPL is a learner-centred, voluntary (for the learner) process. The individual should be offered advice on the range and nature of evidence considered appropriate to support a claim for credit through RPL, and be given guidance and support to make a claim.
- The process of assessment for RPL is subject to the same quality assurance and monitoring standards as any other form of assessment.
- Assessment methods for RPL must be of equal rigour to other assessment methods, be fit for purpose and relate to the evidence of learning.

RPL is also of value to learners transferring across various learning programmes who have relevant learning but do not hold relevant credits or certificates. This may include learners transferring from NQF to QCF qualifications.

Implementing RPL

Where units are assessed against assessment criteria or grading criteria, then all evidence must be evaluated using the stipulated criteria. In assessing a unit using RPL the assessor must be satisfied that the evidence produced by the learner meets the assessment standard established by the learning outcome and its related assessment criteria.

The prior achievement that would provide evidence of current knowledge, understanding and skills will vary from sector to sector. It will depend on the extent of the experience, technological changes and the nature of the outcome claimed. If the currency of any evidence is in doubt, the assessor may use questions to check understanding and competence.

The RPL process does not allow the recognition of any unit assessed by external assessment because such units are subject to specific evidence requirements.

Subjects wishing to carry out RPL must ensure that:

- Learners are registered as soon as they formally start to gather evidence
- Records of assessment are maintained as for any other unit/ qualification
- Certification and claims are made according to normal procedures
- All relevant evidence is assessed before assessment decisions are confirmed
- There are designated personnel with the appropriate expertise to support and assure the RPL process

RPL can be used where a learner has not had their prior learning formally recognised. If a learner has certified learning, then they should apply for exemption, not RPL. Exemption is the facility for a learner to claim exemption from some of the achievement requirements of a qualification, using evidence of certified achievement deemed to be of equivalent value.
