Geography	11	1
Topic		
The Changing Economic World & Challenge of Resource Management		
Content (Intent)		
Prior Learning (Topic)	Physical Landscapes in the UK & The Changing Economic World	
The Changing Economic World: Students will be able to understand why there is a development gap and how we can measure this. They will be able to contextualise this knowledge by studying the changes within the UK and how they affect regional growth. Also, major changes in the economy of the UK have affected, and will continue to affect, employment patterns.		
Challenge of Resource Management: Students will be able to distinguish between the different resources that a fundamental to human development across the world. They will then focus in on water management within the UK.		
Future Learning (Topic)	The Challenge of Natural Hazards	
What Knowledge and Skills will be taught (Implementation)	How will your understanding be assessed & recorded (Impact)	
- De-industrialisation and decline of traditional industrial base through globalisation and government policies - The UK is moving towards a post-industrial economy: development of IT, service industries, finance, research, science and business parks - Social and economic changes in the rural landscape in one area of population growth and one area of population decline - Infrastructure improvements encourage economic growth regionally, nationally and internationally - Food, water and energy are fundamental to human development - Resource provision in the UK create opportunities and challenges - Water resources are rising globally which can lead to conflict - There are strategies which can be used to increase water supply	Formative assessment through knowledge recall quizzes and key word tests. Homework to test your understanding of ideas/concepts. Summative assessments to discover learning from the whole topic Assessment data is recorded in students KS4 tracker sheets located in their books	
Skills: Aerial photographs will be used to distinguish different land uses. Cartographic skills will be used to interpret how infrastructure links to development Statistical analysis will be used to manipulate numerical data	The Changing Economic World GCSE paper in Y11: Paper 2, Section B Challenge of Resource Management GCSE paper in Y11: Paper 2, Section C	
How can parents help at home?		
Support with homework and revision for mock exams. Discuss current affair issues by watching/reading the news. Download the BBC or Guardian news app and set to environmental notifications to receive the most update articles. Buy revision guide and work to compliment class notes and homework. See reading list below.
