Learning Aim 7B - Examine the cause and spread of disease in humans; Methods of non-specific defence used by the human body, Role of the immune system as a defence against infection, Transmission routes.	Key Piece of work (Homework) Research work for unit 1 and examination questions. Unit 7 preparation and completion of Internal assessed piece of work. Yr 12 Summative Assessment. Pupils given a percentage, formative feedback and BTEC equivalent grade. Unit 7 internal assessment	
How can parents help at home?		
Ensure all class work is complete and homework submitted on time. Assist in researching and developing independent study techniques, referencing and producing bibliographies. Encourage pupils to revise for tests and exams and to create revision resources such as flash cards and posters. Ensure all pupils have all their resources required for lessons, including booklets, pens and calculators		
Helpful further reading/discussion (including Reading and Vocabulary Lists)
