

HEBER HIGHLIGHTS

March 2023

www.bishopheber.cheshire.sch.uk

Issue 121

Headteacher Editorial:

It was Friday, 20th March 2020, almost three years ago to the day, when I informed the staff, students and their families that we'd be closing the school other than to children of critical workers for the first national lockdown. It's only now that I can say with my hand on my heart that we've managed to return to many of the things that make Heber special. We've had some great events this term that we've not had in over three years. The highlights include the Heber Footlights performances, Operating Theatre Live and The Science Fair as well as the Year 9 GCSE Options Evening returning to being live school. Fixtures, clubs and visits are now more popular than ever and staff continue to go the extra mile for their students.

Snow Day – On Friday, 10th March I had to issue a School Closure Notice. This is not a decision I take lightly. In fact, it's not really my decision. I'm fundamentally guided by the bus operators. In this instance, we were informed earlier than is usual (6.30 a.m.) that the buses would be unable to operate due to staff shortages. Allied to the staffing issues for us too for a significant minority of staff we decided that remote (live) lessons would be the most practicable way to respond to the adverse weather in certain parts of the region. I'd like to take this opportunity to thank you all for your patience and support that the snow days and the industrial action caused you.

Each January is the University and College Admissions Service's (UCAS) deadline to submit university applications and once again we are delighted to see our Year 13 students applying for a huge variety of exciting courses at institutions around the country – including Oxbridge, Russell Group and specialist arts colleges. Of the 93 students who have applied to university from the Upper Sixth, nearly all have now had replies / offers. Universities have until 18th May to reply to applications and a small number of institutions (particularly for Medicine courses) do tend to delay offers until the Spring. Congratulations to Alanah Green (13SBr) who has an offer to read Geography at the University of Cambridge (Murray Edwards College), and Luke Pearse who has received an offer to read Chemistry at the University of Oxford (Pembroke College). We are also supporting a number of students who are in various stages of securing prestigious Higher / Degree Apprenticeships. Recently a group of Year 13 candidates attended a Mock Assessment Centre event where they had the opportunity to practice their interview and presentation skills and hone their CVs ready for upcoming applications. As ever, tutors and staff continue to support all students with their various post-sixth form plans.

I can confirm that the 2023 Spring Term **Non-uniform Day** (and cake sales) in aid of Red Nose Day Comic Relief on Friday, 17th March raised £1,196. Thank you sincerely for your generosity!

We also have four members of staff leaving Heber this term:

Mr Latham (2022-2023) joined Heber last year as a Teacher of Religious Studies having previously worked on the Leadership Team at Loreto Grammar School (2017-2022). Mr Latham is leaving us to return to a senior leadership post at Cheshire College (Crewe).

Mrs Howden (2019-2023) joined Heber four years ago in September 2019 as a Teacher of Design and Technology - Food and Nutrition having previously worked at Pensby High School (2014-19) and Burton Borough School (2010-14). Mrs Howden is leaving us to work with Juniper Education to develop educational software for schools.

Mr Mills (2007-2023) joined Heber 16 years ago in September 2007. Mr Mills initially joined us as a Midday Supervisor and then became a Cover Supervisor shortly after (2008-2018). Since 2018, Mr Mills has been one of our team of caretakers. Mr Mills is leaving us to enjoy his well-earned retirement.

Mrs Thelwell (1999-2023) joined Heber 24 years ago in April 1999. Mrs Thelwell worked for CBS Catering/Edsential at the Heber site (1999- 2016) at which point she transferred to the Heber staff. Mrs Thelwell has worked both in our kitchen as a Kitchen Assistant and also in our D & T Department as a Food Technician. Mrs Thelwell is also leaving us to enjoy her retirement.

Academic Year 2022-2023 (important dates)

Summer Term 2023

17.04.23	Students return to School (Week 1)
18.04.23	Whole School Photograph (9 - 11 a.m.)
20.04.23	Year 10 Parents' Eve (4.15 - 7.15 p.m. remote)
21.04.23	Non-uniform Day (Friends of Heber)
25.04.23	Year 7 Menai Trip - Parents' Mtg. (SPH 6 p.m.)
01.05.23	School closed: May Day Bank Holiday
03-05.05.23	Year 11 GCSE Languages Speaking Tests
05-08.05.23	Sixth Form DoE Gold Award Expedition
08.05.23	School closed: Coronation Bank Holiday
15.05.23	GCSE/A-level external exams begin
16.05.23	ATC Civilian Committee Mtg. (7.15 p.m.)
22.05.23	Year 8 End of Year Examinations start
25.05.23	Upper Sixth Leavers Assembly (6 - 7 p.m.)
26.05.23	Upper Sixth Study Leave
26.05.23	Year 11 Celebration Assembly (SPH 1.30 - 3 p.m.)
26.05.23	Year 11 Exam Preparation Period starts
26.05.23	Upper Sixth Leavers' Ball (Chester Racecourse)
26.05.23	Close for Half-term (3.30 p.m.)
29.05.23	Half Term

Please visit our website for further information.

Heber Science Fair

On Monday, 13th March, the science department held the annual 'Heber Science Fair' in celebration of British Science Week.

This year the theme was 'Connections'. There were over 250 pupils from Years 3 to 8 from Heber and 9 local primary schools participating. The standard was phenomenal with projects ranging from DNA and root systems of plants to climate change and electricity.

A number of STEM Ambassadors from local companies came to judge and the students certainly didn't make it easy for them to make their decisions.

Thank you to all the parents and teachers for their support, everyone who volunteered to help on the evening and of course, to all of the students who took part! We look forward to seeing you again next year.

Miss S Jones, Teacher of Chemistry

The Anatomy Lab

On Tuesday, 14th March, 60 students from Years 10 to 13 experienced the award-winning Anatomy Lab, which enabled them to work alongside human anatomist Sam Piri.

The sessions packed rigorously academic content into a hands-on practical experience where the students were able to listen to lectures and then carry out dissection to enhance their understanding of aspects of the anatomy, physiology & disease content within their subject areas' specifications.

'I really enjoyed the experience and found it very interesting to have an insight into what possible medical careers might be like.'

Mrs H Williams, Head of Biology

The sessions included in the day were:

Session 1: Procedural Approach - the anatomical position and technical dissection skills.

Session 2: Head & Neck - full cranial cavity dissection, brain, meninges & spinal cord.

Session 3: The Thorax- larynx, trachea, heart, lungs & diaphragm.

Session 4: The Abdomen - oesophagus, stomach, liver & gall bladder, intestines, colon, & rectum.

Students who took part said:

'It was a really interesting experience and I actually really loved it. I would definitely recommend it and I would love to do it again.'

Comic Relief 2023 - Bake Sale

On Friday, 17th March, in conjunction with our non-school uniform day, several Year 7 and 8 students baked some scrumptious, sweet treats to sell on the day in aid of the cause.

At the end of the bake sale event, we manage to raise a total of £272.40 for Comic Relief. Well done to all students who baked and all those who ate them!

Mrs H Corrigan, Head of Year 8

Trips

Year 13 Biology Visit, Keele University

On Wednesday, 15th February, our Year 13 Biology students visited the David Attenborough Laboratories in the School of Life Sciences at Keele University.

Dr. David Hulse led the event and guided the students through the procedures involved in isolating and amplifying bacterial DNA using the Polymerase Chain Reaction (PCR).

(Students using the micropipettes).

(Students adding the reagents to the PCR tube).

The students then carried out electrophoresis in order to visualise and analyse their samples.

(Students loading the electrophoresis gels).

This was an invaluable opportunity for our students to carry out these techniques and enhance their understanding of key areas within the A Level Biology specification. Dr. Hulse from the School of Life Sciences reported *'it was fantastic to have been students in the lab again, since our outreach activities were curtailed by the pandemic'*.

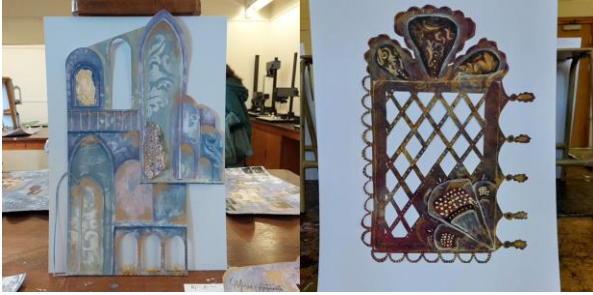

Mrs H Williams, Head of Biology

GCSE Art Trip, Conway Centre

This year's GCSE Art trip to the Conway Centre in Anglesey took place just before half-term. 14 students attended an intensive weekend of painting and sculpture on the theme of 'royalty'.

A wide range of responses was produced, touching on different aspects of royal life through the ages. 'The gilded cage' representing the confinement and claustrophobia of royal life, filled a room with beautiful, hanging wire cages adorned with twisted paper.

Students also created decorative drawn portraits with detailed collaged crowns, a wire and paper tea set for an elegant afternoon tea, complete with wire teapot and paper cakes.

Clothing-inspired sculptural collages that required skilful cutting were made into exquisite frames and students also worked on ceramic Rococo candelabras and architectural pieces inspired by the palace of Versailles.

As always, our students applied themselves with dedication and returned with work to enhance their GCSE portfolio, and a range of new skills. Well done, everyone!

Miss K Clulow, Teacher of Art

Year 9 Imperial War Museum

45 Year 9 students visited the Imperial War Museum in Manchester to look at the displays of 20th conflict, which complements their studying of World War I and II in their lessons.

At a time when war is happening again, with the Russian invasion of Ukraine, this was a poignant and meaningful trip that the students found very interesting.

Mr J Penlington, Subject Leader of History and Politics

Year 10 Salford Quays

Year 10 Geographers travelled to Salford Quays for their first day of fieldwork. During the day we studied the regeneration of Salford Quays assessing the impact it had on the area.

They worked incredibly well in their teams, learning fieldwork data collection techniques whilst exploring the Quays. The data collected will be further investigated back at school. We had a fantastic day, even dodging the rain that we have come to expect when visiting Manchester! Well done Year 10!

Mrs A Grieves, Teacher of Geography

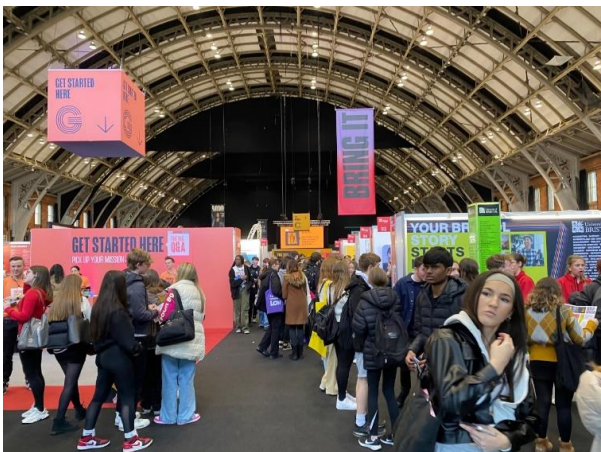

UCAS Discovery Exhibition

On Wednesday, 8th March, Year 12 visited Manchester to attend the UCAS Discovery Exhibition at Manchester Central – with a chance to speak to over 150 Higher Education and Apprenticeship providers.

Students then proceeded to the University of Manchester in the afternoon, attending a talk and hearing from existing student ambassadors before having a tour of the University site.

The visit is part of our advice and guidance programme to equip all students with information about the merits of various different Post-Sixth Form options – from University to Apprenticeships and including employment options, gap years and more.

On Wednesday, 7th June 2023, we look forward to sharing a summary of all the possible options and the details of all the applications processes with parents and Year 12 students at our Post-Sixth Form Pathways Information Evening. This is a really important event for parents and students to understand the process and support available for post-18 applications.

Mr J Garnham, Director of Sixth Form

Year 12 Bentley Motors

On International Women's Day, three students from Year 12, Rowen Bateman (12KNa), Eilidh Meikle (12SSm) and Natalie Segamwenge (12NSt), spent the day onsite at Bentley Motors, Crewe.

This unique opportunity gave them a fantastic insight into STEM apprenticeships and early careers at Bentley Motors. They learnt about the history of Bentley by exploring a range of cars in the heritage centre and also heard about the future goals of Bentley from extraordinary female role models.

Miss C Johnson, Deputy Director of Sixth Form

Student Achievements

Headteacher's Awards

The Headteacher's Awards for the Spring Term were awarded over the past two weeks. Each Tutor was asked to nominate a student from their Tutor Group for the award. This Term the awards were presented to those students that have made the most progress – or metaphorically 'travelled the greatest distance' in any aspect of school life – not just the school classroom.

It was a pleasure to meet the eight students from each year group for a brunch (hot chocolate and pastry) and certificate presentation in the school's Conference Room.

We will have a further Headteacher's Award in the last weeks of the summer term to end the academic year.

Mr D Curry, Headteacher

Intermediate Maths Challenge

The Intermediate Maths Challenge is a national competition for the best mathematicians in Years 9 to 11 with only the top 20% of those entering receiving silver or gold certificates. The following students did incredibly well to earn the silver award;

Year 9 - Felix Cao (9TRo).

Year 10 – Elliot Bosley (10SJo), Emily Haycox (10PMu), Owen MacKreth (10RMy), Owen Shrimplin (10SJo) and Austin Morgan-Williams (10NWe).

Year 11 – Caden Beard (11ACu) , Megan Coward (11CHe), Keira Hirst (11J&B), Lucy Jones (11CHe),

Jessica Williams (11ACu) and Liliana Wylie (11J&B).

Only the top 7% of entrants manage to achieve the gold award, and this year we had 5 achieve that level.

Year 9 – Eddie Somerville-Cox (9RMa) and Tommy Williams (9TRo).

Year 10 – Leo Dixon (10SJo) and Emily Russell (10HWm).

Year 11 – Lulu Ralison (11CHe).

Those five all qualified for the next round of competitions with Tommy, Emily and Lula getting their certificates of qualification, and Eddie and Leo achieving the highest awards of merit which is incredibly rare for Heber students to achieve.

Mr K Lowe (Teacher of Maths, i/c Maths challenges)

Year 12 Chemistry Olympiad 2023

We are thrilled to announce that our Year 12 students have brought home Bronze certificates from the RSC Chemistry Olympiad 2023. This is a tremendous achievement and a testament to their hard work, dedication, and exceptional skills in chemistry.

The RSC Chemistry Olympiad is a prestigious competition that challenges students to apply their knowledge of chemistry to real-world problems. This year, our students rose to the occasion and demonstrated their proficiency in this subject, earning recognition for their excellence.

The following Year 12 students who earned the Bronze award were:

Maddie Connor (12KNa)

Holly Edwards (12NSt)

Isaac Staden (12KNa)

Owen Tomlins (12MLi)

Caspar Walker (12MLi)

We are incredibly proud of our students and the effort they have put into preparing for this competition. Their success in the RSC Chemistry Olympiad is a reflection of their talent and determination, as well as the outstanding teaching and support they have received from our school's faculty.

Once again, congratulations to our Year 12 students on this remarkable accomplishment. We look forward to seeing them continue to excel in their future academic endeavours.

Mr C Calvert, Teacher of Chemistry

THE DUKE OF EDINBURGH'S AWARD

Bronze Award

Congratulations to the following students on completing their Bronze DofE Award in the Spring term:

Samara Collymore (11DBI)

Once again this is an outstanding achievement, showing great determination and commitment – congratulations!

Year 9 Bronze

Year 9 DofE students; remember to have your **three** sections to be complete **31st June 2023** to qualify for the expedition. Please make sure your assessor's reports are uploaded to eDofE by this date.

Y12 / 13 Gold Award

Year 13 students have been working hard to complete their completed her Duke of Edinburgh's Gold Awards before leaving the school. Four students have successfully finished this term and will be invited to Buckingham Palace in the next 18 months to receive their certificate. Congratulations to:

Jacob Buckeridge (13JSt)
Matthew Grimshaw (13B&H)
Chris Gray (13G&V)
Georgia Jones (13G&V)
Will Snaith (13G&V)
Eadie Williams (13G&V)

An amazing achievement, well done!

Mr K Roberts

Pi Day Competition

On the 14th March, the Maths Department celebrated Pi Day (3.14) in true spirit with the release of the Heber Pi Day Competition 2023.

There were several challenges which pushed students to explore the history behind this fascinating and totally irrational number (be sure to take a look - it's rather impressive!); solve fiendish puzzles and put their code-breaking skills to the test with several Pi Dingbats.

Although the competition was strongly contested, the Maths department announced the three joint-winners as Eilidh Meikle (12SSm), Jasper Dakin-Evans (11SEd) and Dawid Greyling (9STa) - very well done, indeed.

Mr T Quantrell, Subject Leader of Mathematics

Performing Arts

Heber Footlights

On Tuesday, 14th March, we were proud to present our first Footlights Performing Arts Show, since March 2020. Our talented students from Year 7 to Year 13 entertained for almost two hours, in a programme of high-quality performances and tremendous variety.

The acts ranged from solo vocalists to ensemble dance, gymnastics displays to drama sketches and performances from the Year 7 Choir and the Brass Group.

The evening culminated in the announcement of Lionel Bart's classic musical *Oliver!* as our school musical production for November 2023.

Students: keep your eyes and ears open for details of auditions being announced next term. In the meantime, congratulations to all the performers for a fantastic evening of Performing Arts at Footlights.

Mr S Ferrelly, Head of Performing Arts

Heber Library

World Book Day 2023

On Thursday, 2nd March, the school came together to celebrate World Book Day. The day consisted of tutors discussing their fond childhood memories of reading with their tutor groups. Some of these reflections were shared on our Twitter page throughout the day.

All the students at Heber received their free £1 book token and were invited to visit Heber Library to redeem their vouchers for one of this year's selection of World Book Day texts which included *Kay's Brilliant Brains* (Adam Kay), *Boot It!* (A.M. Dassu) and *Dave Pigeon: Bookshop Pigeon* (Swapna Haddow).

Lots of students were delighted visit the Library during their form registration and English lessons to exchange their tokens. We would like to take the opportunity to thank Cheshire West and Chester Libraries for supplying us with the World Book Day books for our students to discover and enjoy.

Mr L Doran, Library and Student Resources Manager

Farewell Dr. McDonough-Nicholls

On Thursday, 30th March, we shared our goodbyes with Dr. McDonough-Nicholls from CWAC Libraries after six years of service in the community.

Before joining Malpas Library, Dr. McDonaugh-Nicholls formerly worked as a Collections Assistant at Gladstone's Library, Hawarden (2006 – 2008) and as a School Librarian at Argoed High School (2008 – 2017).

During her time at Malpas Library, Dr. McDonaugh-Nicholls has organised a successful Young Adult book club for our students, several messy play sessions and promoted the Summer Reading Challenge for our feeder Primary schools. With her experienced knowledge, she has been an excellent mentor to our School Librarians and a remarkable colleague to collaborate with. We wish Dr. McDonaugh-Nicholls all the best with her retirement and her next chapter travelling around the UK in her new canal boat.

Mr L Doran, Library and Student Resources Manager

Accelerated Reader

The Accelerated Reader competition between Band A and Band B is still on-going. So far Band B is taking the lead for both year groups. Please see the results below.

Year 7 Band A – 464 quizzes

Year 7 Band B – 527 quizzes

Year 8 Band A – 112 quizzes

Year 8 Band B – 197 quizzes

During the Easter holidays, please encourage students to continue reading and entering the AR quizzes via our school website.

<https://ukhosted40.renlearn.co.uk/2247388/>

The competition is still to play for and every quiz counts!

Mrs A Williams, Teacher of English

Mr L Doran, Library and Student Resources Manager

Sport

Equestrian

On Friday, 17th March, Izabel Worthington (9CHa) competed in her first International for Great Britain. Izabel demonstrated why she had been shortlisted by the selectors by winning her first class with an outstanding score of 71.257%.

Following on from her first class, Izabel competed in further stages throughout the weekend and finished in a very creditable 4th place overall.

Izabel felt honoured to be judged by such well respected assessors from across Europe and is now preparing herself for the next challenge, the National Winter Championships in three weeks' time.

Congratulations to Izabel on this accomplishment and we wish her the best of luck for the next competition.

Mr M Lindley, Subject Leader of P.E.

Congratulations to Verity Trevanion (8KCa) who competed in the British Eventing ACE qualifier. On Everdale Evie Verity came 3rd in the 70 and 3rd in the 80 and on Acremeadow Cherry achieved 2nd place in the 90cm in the U15s. Well done on this accomplishment Verity!

Our congratulations also go to Olivia Trevanion (12MLi) who competed at the ACE Qualifier at Ashwood Equestrian. In the 80cm Olivia finished 6th place and in 90cm claimed first place which enabled her to qualify for the ACE championships at Aintree.

Mr M Lindley, Subject Leader of P.E.

Cross Country

Congratulations to Rhys Owen (9TRo) who represented Cheshire Schools in the National Cross Country Championships. 46 counties (368 students total) competed and Rhys finished in 78th place and came second for Cheshire Schools. Well done Rhys on this incredible achievement.

Mr M Lindley,
Subject Leader of P.E.

Netball

Congratulations to the U13s A team who got through to the finals of the Plate competition at the Chester and District Netball Competition at Bishop Blue Coats.

The girls played so well and the pouring rain did not seem to faze them at all. Well done Heber!

Some of our Year 8 netballers also went on to achieve silver medals in the Chester and District B Team Tournament on Tuesday, 7th March 2023.

Well done to all the students involved in both tournaments.

Mrs H Corrigan, Teacher of P.E.

Rugby

Congratulations to our U18 Cheshire Plate Final Winners. Heber player of the tournament went to Dan Redhead (11J&B) with six tries.

Well done to Captain Bobby and all of our Year 13 players this season. What a great way to end to their sporting accomplishments with the Heber!

Mr J Preston, Teacher of P.E. (i/c Rugby)

Football

Well done to the U13 Girls Football team in reaching the Chester Schools Finals on Wednesday 8th March.

In a really tight and competitive game in blizzard conditions the girls managed to beat Christleton on penalties. Congratulations to Frankie Morse (8GLe) who was nominated 'Player of the Match'.

Mr M Lindley, Subject Leader of P.E.

Tennis

Congratulations to Maddie Crabb (7SFe) on her selection to represent Tennis Shropshire in the upcoming County Cup on Saturday, 29th April & Sunday, 30th April. We wish Maddie the best of luck in this competition.

Our congratulations also go to Alfie Erraji (8KCa) and Emlyn Walker Jones (8AOg) on their selection for the County U14 tennis squad.

Miss E Smith, Teacher of P.E.

Table Cricket

Congratulations to our Table Cricket team who were crowned Cheshire champions on Tuesday, 21st March after a fantastic win in the final against Wirral Grammar School. Well done to all the students who participated.

Our Table Cricket team is now through to the regional finals which will take place in Manchester next month.

Mr M Lindley, Subject Leader of P.E.

Hockey

Congratulations to Isobel Adams (8DUUp). For the second year running, Isobel is representing the North West of England in the U13s National Hockey Championships, Nottingham in July.

She will also be representing West Cheshire in the County Hockey Tournaments in April.

Mrs J Harnden,

Teacher of P.E

Judo

Congratulations to Seth Livesey (8RKY) competed in the Liverpool Judo Open.

Competitors from all over the UK took part in this annual event and Seth came away with a silver medal in his category by securing victory with a tomoe-nage.

Mrs J Harnden, Teacher of P.E.

Slalom Kayaking

Tom Kearsley (7KCI) is now on the Olympic pathway for Slalom Kayaking.

After winning the Division 4 Mens K1 category in the summer, Tom will be taking part in his first race of the 2023 season in Herefordshire.

Mr R Martin, Teacher of P.E.

Main School Office

Your help with the following would be appreciated.

Lost property:

- Please ensure all items of School clothing and equipment is clearly named/labelled.

Equipment:

- Please ensure your child comes to School with the correct equipment for the day. Please do not allow students to bring any items of value into School as we cannot accept responsibility for any loss or damage.

Attendance

Our School's attendance policy has recently been updated and can be located under the parents' section of the school website for further information.

<https://www.bishopheber.cheshire.sch.uk/parents/policies/attendance-policy>

Finance

You can now donate to the Enrichment support fund via Scopay.

The following items are available to purchase online via Scopay:

Casio Scientific Calculator fx-83GTX £8.00

Casio Classwiz Scientific Calculator fx-83GTX £20.00

8GB USB Memory Stick £5.00

Gum Shield £2.50

If you wish to purchase any of these items please do so via Scopay and they will then be available for your child to collect from the Finance Office.

If you have not yet signed up for Scopay and you need the information on how to do this please email finance@heber.org.uk and we will send you the details, please include the student's name in the email so that we can send you your unique log in.

Free School Meals

Did you know that by registering for Free School Meals your child not only has the opportunity to enjoy a free school meal but they could also be entitled to a substantial reduction in the cost of some educational visits and after School activities?

The School also benefits from additional funding for children who are registered for free school meals or who have been registered in the past six years. The funding gives every student in the schooling system the same opportunities to succeed.

Additional support mechanisms at Bishop Heber include intervention classes along with financial support for educational visits and activities.

Am I eligible for Free School Meals?

You will qualify if you are receiving one of the following benefits;

- Income Support
- Income Based Jobseekers Allowance
- Income-related Employment and Support Allowance
- Support under part VI of the Immigration and Asylum Act 1999
- Child Tax Credit but not Working Tax Credit and have an annual income that does not exceed £16,190
- The Guarantee element of State Pension Credit
- Working Tax Credit run-on - paid for four weeks after you stop qualifying for Working Tax Credit
- Universal Credit - if you apply on or after 1 April 2018 your household income must be less than £7,400 a year (after tax and not including any benefits you get)

Do you receive Working Tax credit?

If you or a partner receive Working Tax Credit regardless of income you will not qualify for free school meals.

Free School Meals Helpline - 0300 123 7039

Free School Meals Information -

<https://www.cheshirewestandchester.gov.uk/.../school-meals.aspx>

The free school meals team can assess your claim over the phone using an eligibility checker to confirm entitlement.
