

Subject	Year	Term
Psychology	12	3
Social Influence and Memory		
Content (Intent)		
Prior Learning (Topic)	Psychopathology and Attachments	
Social Influence including:		
- Types of conformity: internalisation, identification and compliance. - Explanations for conformity: informational social influence and normative social influence, and variables affecting conformity including group size, unanimity and task difficulty as investigated by Asch. - Conformity to social roles as investigated by Zimbardo.		
Memory:		
- The multi-store model of memory: sensory register, short-term memory and long-term memory. - Features of each store: coding, capacity and duration. - Types of long-term memory: episodic, semantic, procedural.		
Future Learning (Topic)	Issues and Debates and Schizophrenia	
What Knowledge and Skills will be taught (Implementation)	How will your understanding be assessed & recorded (Impact)	
Skills - Knowledge and Understanding - Evaluation - Significance and application to everyday life Continued development of the examination requirements and the skills needed to answer the specific assessment objectives.	There is a formalised mock exam for year 12 as an end of year exam testing all knowledge, understanding and exam skills from this year.	
How can parents help at home?		
Encourage students to re-write their class notes into smaller notecards or mind maps. Test their child on the use of the vocabulary used and on application of Psychology to the wider world. Check insight for further information on homework set and deadlines.
