

Subject		Year	Term
Art and Design		8	2
Topic			
Ceramics Firing and Decorating/Glazing			
Content (Intent)			
Prior Learning (Topic)		Ceramics design	
Students will understand clay having built their pieces last term. In term three they will fire and complete their pieces.			
Future Learning (Topic)		Ceramics and Observational Drawing techniques	
What Knowledge and Skills will be taught (Implementation)		How will your understanding be assessed & recorded (Impact)	
Once the ceramic work is fired students will complete their pieces by using paint/oxides/glazes to complete as appropriate. Students will demonstrate a clear understanding of refinement and sensitive skills to resolve their work.		Final outcomes will demonstrate a personal response that is supported by research. Intentions will be realised in a technically convincing and creative way. (Assessment Objective 4)	
In their final evaluation, students will be able to articulate the processes they have learnt and comment with personal insight how they developed their work and the reasons they made changes.		Students will be able to successfully evaluate their progress and make connections between their work and others. (Assessment objective 4)	
How can parents help at home?			
Helpful further reading/discussion (including Reading and Vocabulary Lists)			
Reading		Vocabulary Lists	
		As above including: Slip Incise Gloss Resolve
